

1 Gbit/s Ethernet Multi-Service Interconnect Link (Ethernet MSIL)

Briefing Audience:

Public Electronic Communication Network Providers

Revised Product Availability (Ref: 076/08)

Further to the briefing (Ref: 075/08) on 25th January 2008 regarding the short delay to the launch of 1 Gbit/s Ethernet MSIL, this briefing is to advise that the issues that held up the product launch have now been resolved.

The revised launch date will be on 30th January 2008.

Due to the challenging launch timescales, no external customer trialling has been completed.

BT Wholesale will be working closely with early adopters of this product to obtain feedback and fine tuning the product as an ongoing development.

The pricing details can be found in the BT Carrier Price List, Section B2, Part 2, at

http://web.btwpc.vipx.bt.com:65328/application?pageid=editorial_one_column&nodeId=navigation/node/data/Pricing_and_Contracts/Reference_Offers/Ethernet_MSIL/navNode_Ethernet_MSIL.

MSIL orders can be submitted via your Account Manager, using the electronic Customer Requirement Form (CRF) which can be found at URL:

http://www.btwholesale.com/pages/static/Products/Interconnect/MSIL_Ethernet.html.

The completed CRF should be submitted to your Account Manager.

We will advise when the Eco Plus web based ordering and fault reporting application on btwholesale.com is available.

For more information, please contact your BT Account Manager.
