Wholesale Calls Notification (Ref: 068/07)

Please note that there are further billing outages planned for **19th January, 15th and 16th March 2008**. It is expected that for these software releases, the Daily Call Records will be made available by 24.00 hours on the Saturday. A confirmation of these outages will be sent nearer the time. This will only impact on the availability of the Daily CDR files as DEDES will be accessible as normal.

The fraud feed files will be unaffected on any of the dates.

Please accept our apologies for any inconvenience this may cause.

If you have any concerns or questions about this, please contact your Commercial Manager.
