

ITF June 2005 Actions

Action Point	Issue	Owner	Status
AP10 14/06/05	<p>BTC to clarify release timeframes for new drops of OSIS development.</p> <p>Update-We are working on this with One IT. Two releases per year is the proposal, starting with one in March 06, next release in September 06 then ongoing, but this is still to be formalised.</p> <p>Update- Date for first release still to be confirmed, but it will not be March 06. It is more likely to be around July time. The formal notification to Industry has not yet been issued.</p>	SM/MaJ	Closed

ITF July 2005 Actions

Action Point	Issue	Owner	Status
AP 01 12/07/05	<p>BTC to ask that the account manager for Conduit updates them on pricing.</p> <p>Update- Closed</p>	MC	Closed
AP 02 12/07/05	<p>Telewest to email MaJ more information on the known OSIS bugs they wanted fixed as part of changes to OSIS.</p> <p>Update-Email received and issues worked through. PR's 3733 & 3970 included in first development cycle. Closed.</p>	Telewest	Closed
AP 03 12/07/05	<p>Industry to review the suggested changes to OSIS and raise any further changes that they want by 31/07/05.</p> <p>Update- Further requests have been received. Suggest close and become business as usual.</p>	Industry	Closed
AP 04 12/07/05	<p>BTC to organise a porting workshop with industry.</p> <p>Update- Porting issues have been discussed with suppliers on an individual basis. No one has requested an industry workshop.</p> <p>Update – The consensus at the meeting was to leave this open, and for Directory Solutions Supply team to arrange a porting workshop, with a representative from the Porting duty in attendance. An invite will be sent out, asking people what their issues are.</p>	MaJ/PS	Ongoing
AP 05 12/07/05	<p>BTC to work all changes to OSIS through the change management process.</p> <p>Update- CRDs for first development sent out to</p>	MaJ	Closed

	industry. Formal notice not yet issued. Close as business as usual.		
AP 06 12/07/05	BTC to present on the web portal proposal at the next ITF. Ongoing. May not be at next ITF, but update will be given. Directory Solutions have only just obtained the source code from the ORS developers.	SM/MaJ	Ongoing
AP 07 12/07/05	OSIS Development document to be updated and issued to ITF attendees and the rest of industry. Update- Closed. Issued with Julys minutes.	MaJ	Closed
AP 08 12/07/05	BTC to ask the training team whether it would be possible to train trainers so that OSIS training can be delivered in house. Update- CRD has been raised to make the changes to allow this. Undergoing feasibility. Possible addition to second development cycle. Update – Directory Solutions will discuss the requirements with their trainers, at a meeting on 19.12.05. Depending on what’s required, this may still be included in the first release.	MaJ	Closed
AP 09 12/07/05	Telewest to send MaJ an email explaining the rejects that they are getting. MaJ to look in to whether locality field will remain optional as it is in SFF9 and if it will, what standard value will go in. Update- There are no plans to change the use of the Locality Field unless the KPN ruling has an impact. Update – Telewest are monitoring, but this is no longer the issue it was.	MaJ	Closed
AP 10 12/07/05	BTC to investigate whether it would be possible to hold ITF meetings every 6 weeks. Update- To be discussed at next ITF. Update – It was agreed at the meeting to hold ITF’s every 2 months. The next one will be in February. Directory Solutions also reminded everyone that Operational Forums would be held every 2 months, commencing 31.01.06.	MC	Closed
