

## **Product Description eCo Order**

This is your first step towards simple online provisioning with BT Wholesale, via your web browser.

### **What is eCo Order?**

eCo Order is a Siebel-based e-Provisioning solution, enabling online ordering via a web browser.

### **Benefits of eCo Order**

eCo Order will :

- Empower your people to trade electronically
- Enable jeopardy management
- Allow advanced online order tracking
- Reduce administration costs
- Give you full visibility of the progression of all your circuits
- Adjust to meet your future system requirements
- Give you the ability to create tailored graphs & charts

eCo Order is supported by a Memorandum Of Understanding (MOU) that provides Service Level Agreements allowing you to manage your operations more effectively.  
eCo Order feedback: "It seems like a very simple process, quick and easy to use."  
(eCo Customer)
