

# Managed Install

Quick, no-fuss  
installation of  
Ethernet circuits.

We asked you what you wanted. You said a solution that reduces cost, boosts and improves the end user experience.

**We delivered with our new Managed Install service.**

## What is it?

- A value-add service for Wholesale Ethernet.
- A single bundled order - Ethernet and leased line circuit installation all in one.

## Benefits for you

- Respond quickly to customer demand.
- Fast CPE installation leads to earlier billing and an improved cash flow.
- We'll install the CPE so you can focus on your business.
- One dedicated team to manage end-to-end order and provide ongoing support.

## Benefits for your customers

- Competitive pricing and lower costs.
- Convenient as CPE and installation are repaired and carried out by our agents.
- Greater productivity and efficiency will leave customers satisfied.
- Lower CO2 emissions with one truck and one visit.

## Why us?

- We're the country's leading provider of leased line Ethernet connectivity services.
- You get everything you need from a single supplier, including all elements of the order and ongoing management.
- We're a world-leader in communications technology, including a whole range of Ethernet solutions.

## The next step

Get in touch today to find out how to make it easier for your customers.
