

5 ways we're helping you with Ethernet

Giving your customers fast, reliable Ethernet connectivity is easier than ever, thanks to our streamlined ordering processes, automation and great service performance. Here's how we're helping you to help your customers.

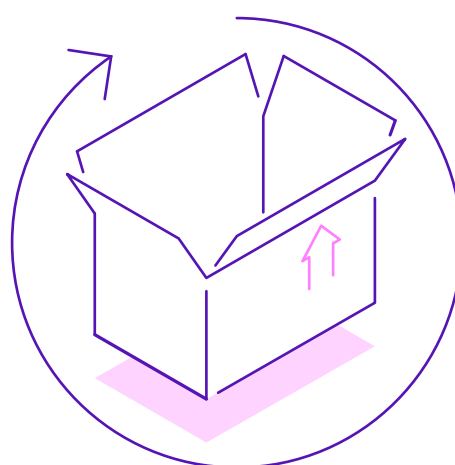

1 A simpler way to order

Our pricing tool and APIs make it easier and faster to create quotes and orders.

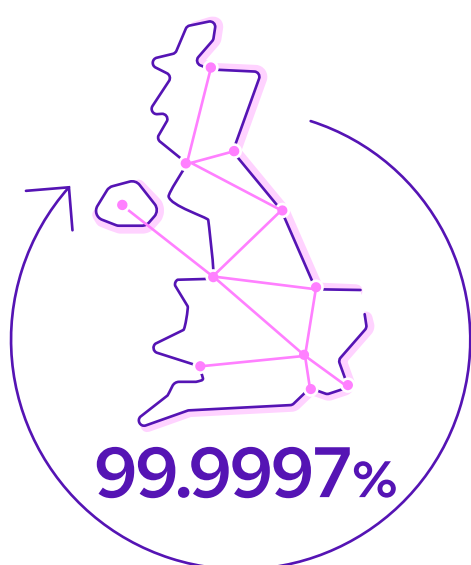

2 A digital-first experience

Work the way you want, using our online Business Zone portal or by linking your systems to ours.

3 Better, faster delivery

We consistently deliver solutions faster, with network validation in minutes instead of days.

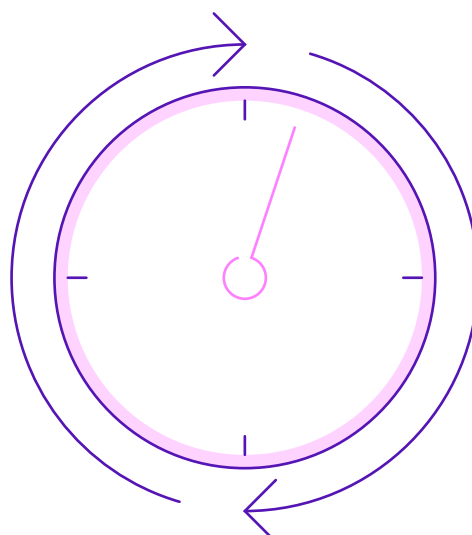

4 Service you can rely on

Our network is the most reliable and resilient in the UK with 99.9997% availability (YTD September 2021).

5 Easy, fuss-free renewals

Same-day quotes and automation mean renewals can be completed quicker than ever.
