

# Big winter sale

Grab some great  
offers in our first  
ever winter sale

# The hottest offers for winter

If you're looking for big value, then get your year off to the perfect start with our big winter sale. We're turning up the heat with discounts and offers on some of our most popular solutions.

Want great savings on ultrafast broadband, Ethernet and future-proof digital phone lines? You've got it. Amazing value on high-usage 5G? You've got that too. And all on the network the UK relies on? Absolutely.

Whether you want to keep the savings to invest in your business or break the ice with new customers, we've got offers to suit your needs. So read on, and give your business a big winter boost.

# 1Gb Ethernet for just £3,400? No, that's not a typo

Yes, you read that right. We're giving you full 1Gb national Ethernet for just £3,400 a year. How's that for value?

Between 13 January and 31 March 2022, that's all you'll pay for Ethernet. And that's not all. We're also giving you free installation with every new Ethernet order with a three-year contract.

So you can deliver fast, reliable connectivity to more customers. And as well as 98% UK coverage across 1,900 fibre Ethernet exchanges, we have the only network with guaranteed resilience at every single point of presence.

[Sound good? Read the full terms and conditions to learn more.](#)

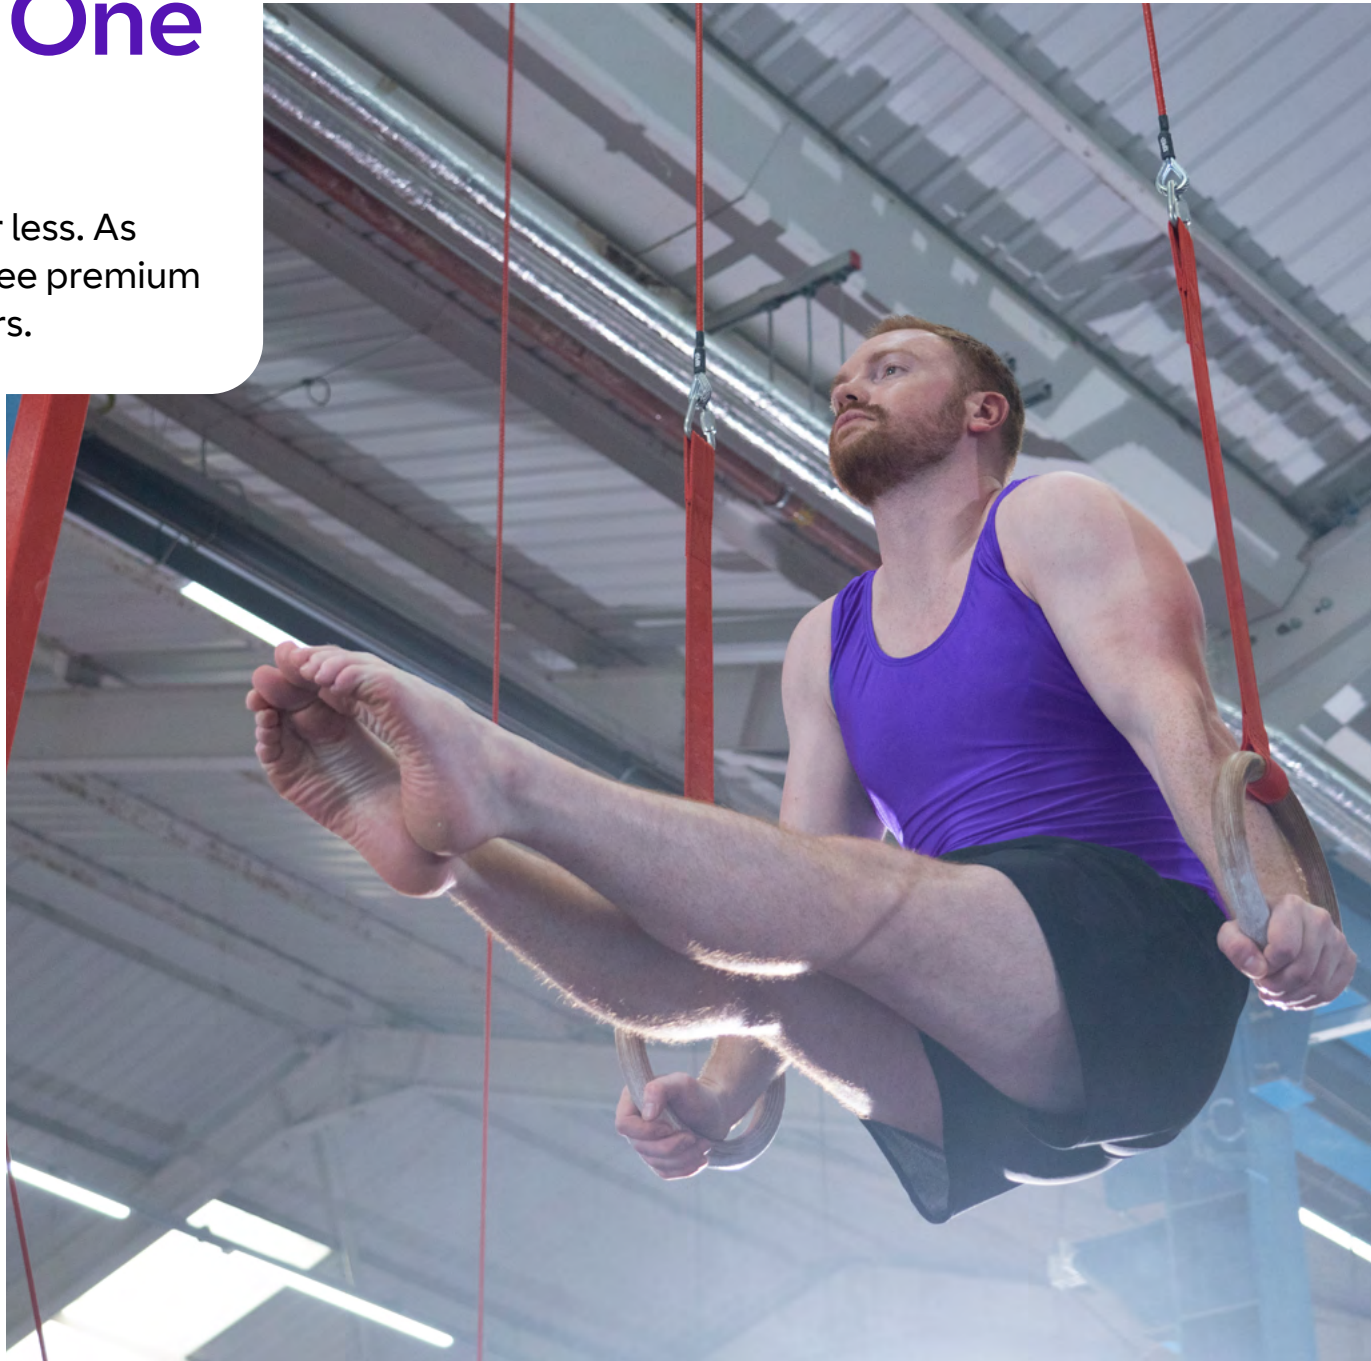

# Free Broadband One installations

Unleash the power of full fibre broadband for less. As part of our big winter sale, we're giving you free premium installations on all new [Broadband One](#) orders.

With ultra-fast speeds of up to 1Gbps, simple online management and a fully managed service, Broadband One gives you ultimate control – and now it gives you ultimate value too.

This offer runs from 13 January and 31 March. [Click below for more information.](#)

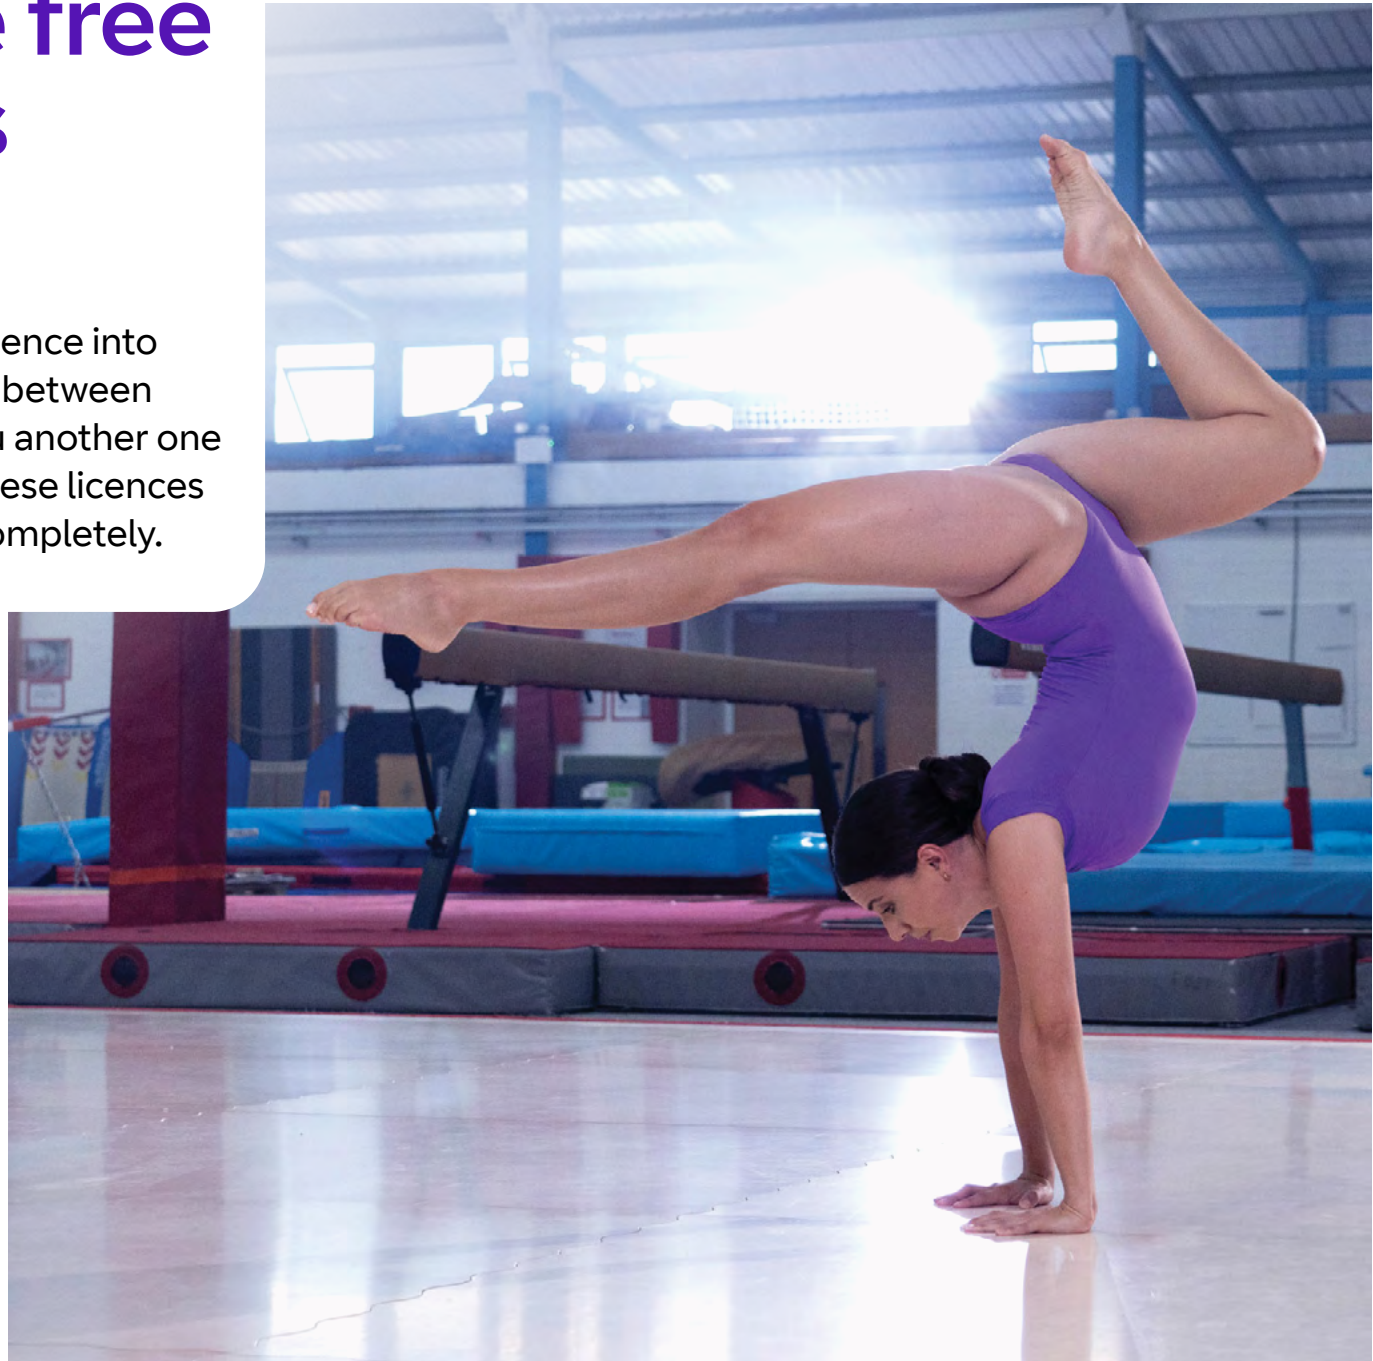

# Buy one, get one free on WHC Express licences

This winter, you can turn one digital phone licence into two. For every [WHC Express](#) licence you buy between 13 January and 31 March 2022, we'll give you another one free for 12 months. Best of all, you can use these licences with the same customers or different ones completely.

WHC Express is perfect for SMEs, who make up the majority of businesses in the UK. So this is an excellent opportunity to deliver future-proof voice services in this thriving market.

Ready to give your customers a new digital voice? Hit the link below.

# Our best ever prices on datacentre optical connectivity

Reach for the clouds with our best ever pricing on datacentre optical connectivity. Whether you're connecting your customer to a datacentre or connecting between datacentres, we've got amazing new flat rate pricing – but that's not all. As well as these low, low prices, you won't have to pay any installation costs for three-year and five-year terms. You can see all our datacentre locations in our Pricing Tool.

Ready to get these great prices? [Click the button below.](#)

# 5G IoT connectivity for just £50 per 50GB

The Internet of Things (IoT) is growing, with nearly a third of UK businesses using IoT devices. Our 2G, 3G and 4G connectivity are already an important part of that, but now we're making even bigger things possible with the launch of our 5G for IoT service.

Using our award-winning EE network, this next-generation service is kicking things off with a fantastic data plan. We're offering 50GB for £50 a month and £1 per gigabyte out of bundle. You can get this rate, which is also available on 4G, right now. You won't even need to swap SIM cards.
