Overview of the Webex App

Calling in Webex App

Webex brings everyone together to do exceptional work with one easy-to-use and secure app for calling, meetings, and messaging to get work done. In real-time or anytime, Webex is the engaging, intelligent and inclusive app that creates exceptional experiences and makes working together distinctly better.

Enabling continuous collaboration from a simple call

Communication and collaboration go hand in hand. When you call on the Webex App—in the office, at home, or on the go—you'll have the same calling features to keep your business moving. If you're on a phone call you can easily elevate it into a full-featured meeting to take advantage of AI transcriptions, real-time translations, notes and action items, and recordings. Stay connected and productive with Webex.

Starting and answering calls

You can start video and audio calls with individuals from 1:1 spaces.

Start a call

There are different ways to call in Webex. One easy way is to:

Step 1

Click the **Search** field.

Step 2

Start typing the name of the person or space you want to call.

Step 3

Click the name of the person or space in the results list.

Step 4

Click the **Audio Call** or **Video Call** icon at the top right of the space.

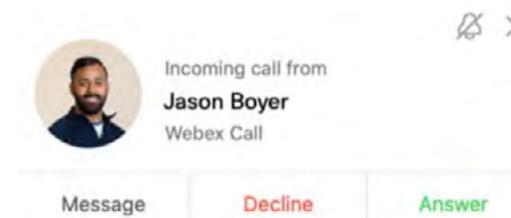

Answer a Call

When you receive a call, you'll see a notification allowing you to:

Answer: To take the call.

Decline: If you can't answer now.

Message: If you want to answer with a chat message instead.
